

LearnLink Office 365

Parents and Guardians Information

Port Augusta Secondary School (PASS) has expanded the current email service offered to students with additional services, known as LearnLink Office 365.

LearnLink Office 365 is a customised package of Microsoft Office 365, tailored for the South Australian public education system, and is offered at no additional charge to parents/guardians whilst their student remains enrolled at PASS.

Students at PASS are able to download licenced versions of common applications used in teaching and learning for no charge, and use them without an internet connection. They also have their own online storage space for files that can be shared with other students and teachers.

Below is some important information regarding the LearnLink Office 365.

What is LearnLink Office 365?

LearnLink Office 365 provides students with an email and collaboration platform to create and/or upload/share content. This may include websites, presentations, written, audio, images and video material as part of their educational program.

All data and information within LearnLink Office 365 is stored within an Australian based 'cloud' and provides the following services to students.

- **Email (existing service)**
Students are provided a unique email address that remains the same throughout a student's enrolment in a State Government school or preschool.
- **Office 365 ProPlus (new)**
Office 365 ProPlus provides the latest versions of Microsoft Office applications for desktop PCs, Macs and mobile devices, including Windows, iOS and Android devices.
Office applications include Word, Excel, PowerPoint, OneNote, Access, Publisher and Outlook, however not all Office applications are available for Mac, iOS and Android devices.
Office applications can be installed, via the internet, on up to 5 personal computers and up to 5 mobile devices owned by a student (including parent-owned). Once installed, the applications can be used without an internet connection. Periodic internet connection is required for accessing data stored in cloud services, updates and licencing via your LearnLink Office 365 account.
- **Office Online (new)**
Office Online is a web based, lightweight version of Microsoft's Office productivity suite (including Word, PowerPoint, Excel, and OneNote) that can be used on most devices capable of connecting to the internet via a web browser.
- **OneDrive for Business (new)**
OneDrive for Business is a cloud service where students can store, sync, update, and share files from any internet connected web-browser, and collaborate on Office documents.
Each student will receive 1 Terabyte (or 1000 Gigabytes) of storage space in Microsoft's Australian cloud. By default all data and files are private, however they can be shared with other LearnLink Office 365 users, including staff and students of other schools and preschools, but not anyone external to DECD schools/preschools.

Using LearnLink Office 365 Services

All students are required to sign conditions of use agreements before they have access to school computers, internet, and software which outlines acceptable use.

The acceptable use agreements have been updated to outline conditions of use for the additional LearnLink Office 365 services.

A number of services provided by LearnLink Office 365 require internet access.

When students are at school internet access will be filtered by DECD however access from home/off-site is not filtered by DECD and as such should be supervised.

Please be aware that as with any internet use, it is possible (although unlikely) that viruses and/or other malicious software could be introduced to your personal computing devices via LearnLink Office 365 services (including email).

It is strongly recommended personal devices have suitable anti-virus / anti-malware software installed and regularly updated, and the device operating system is regularly updated.

Users of LearnLink Office 365 are responsible for the information/data in their LearnLink Office 365 account and any important information should be backed up. LearnLink Office 365 including Office 365 ProPlus is only to be used in relation to delivering curriculum objectives, and must not be used to store, transmit or share sensitive or personal information.

Installing Office 365 ProPlus

Office 365 ProPlus applications will need to be installed on a computer or mobile device (personal device) before it can be used.

Although unlikely, it is possible that installing Office 365 ProPlus on your personal device may cause problems, such as conflicts with other software you have installed.

It is recommended that you:

- Backup your personal device, prior to installing Office 365 ProPlus application(s); and
- Ensure your personal device meets or exceeds the Office 365 System Requirements <https://products.office.com/en-au/office-system-requirements>.

What if I do not want my child(ren) to use the LearnLink Office 365 Services?

PASS requires written notification if you do not consent to your child(ren) using the additional LearnLink Office 365 Services. Please visit or email PASS on the following email address to advise. dl.0790.ictadmin@schools.sa.edu.au

How will my child(ren) access the LearnLink Office 365 Services?

LearnLink Office 365 services can be accessed by students by logging into the DECD LearnLink student portal <http://www.learnlink.sa.edu.au>.
